Mr. Rodriguez:

Our friend, Col. Jack Barnes from the Industrial College of the Armed Forces, called to alert me that they may have a second space available for the Class beginning in August and inquired if we would be interested. I assured him we would be--he will let me know definitely before the end of this week.

Our approved alternates (as selected last August) are:

25X1A

25X1A

This also brings to mind the case of [REDACTED] of NPIC who missed out on National War this year - I know they are putting him in again.

25X1A

I thought I would alert you to this.
